PROFILE

I am an IT undergraduate specializing in Information Technology with hands-on experience in Quality Engineering through my internship at Wiley Global Technology. I am passionate about software quality, testing, and creating reliable, user-friendly digital solutions. I have completed a Certificate Course in Software Quality Assurance Testing and have experience in manual testing, test automation, software development, and UI/UX design. I am eager to grow as a Quality Engineering Associate and contribute to building high-quality software products.

WORK EXPERIENCE

Quality Engineer Intern, *Wiley Global Technology (Pvt) Ltd* Feb 2025 – Feb 2026 | Sri Lanka

Domain : Wiley Online Library - Research and Publishing

- Performed manual, regression, and UI testing on the Wiley Online Library web application to ensure functionality and quality.
- Designed and executed test cases and maintained detailed test documentation aligned with QA standards.
- Supported automation testing and continuous integration, improving test execution and status update efficiency by approximately **90%**.
- Performed API testing using Postman, validating API responses, request parameters, status codes, and data integrity.
- Reported, tracked, and retested defects using internal tracking tools, ensuring timely resolution.
- Collaborated with developers and QA teams to resolve tickets, improve product reliability, and support roadmap improvements.
- Participated in web application testing and functionality validation, ensuring a seamless and consistent user experience.

EDUCATION

Bachelor of Science (Honours) in Information Technology 2022 – Present

Sri Lanka Institute of Information Technology (SLIIT)

- SGPA: 3.35
- **Dean's List** – Year 3, Semester 2 (Academic Excellence Award)

GCE Advanced Level (Biology stream), *Holy Family Convent - Marawila* 2018 – 2021

RESEARCH EXPERIENCE

SafeNav – AI-Powered Accident Risk Navigation System Jan 2026 – Nov 2026 | SLIIT

Undergraduate Research Project

• Designed and developed an intelligent accident-risk navigation system combining machine learning, safe route optimization, and real-time driver assistance.

• Built a Flutter mobile application and FastAPI backend for real-time accident risk prediction using contextual road and weather data

• Implemented A* route optimization, multilingual voice alerts, driver behavior analysis, and ML-based risk scoring.

• Currently building an Appium-based mobile testing environment to automate functional and UI testing across Android and iOS platforms.

Technologies: Flutter, FastAPI, Python, Firebase, Mapbox, REST APIs.

PROJECTS

Skill Sharing Platform Jan 2025 – Jun 2025

- Developed a full-stack learning platform using React, Spring Boot, and MongoDB, enabling skill browsing, instructor profiles, and session booking.
- Implemented secure JWT authentication, RESTful APIs, and Spring Security for user management, bookings, and progress tracking.
- Built responsive interfaces with Tailwind CSS and designed MongoDB schemas for efficient data management.

Academic Scheduler Jan 2024 – Jun 2024

- Developed a full-stack academic schedule management application using React, Node.js, Express, and MongoDB for course planning, assignment tracking, and deadline management.
- Integrated Google Calendar API for event synchronization and automated deadline notifications.
- Built a responsive Tailwind CSS dashboard and RESTful APIs for efficient course and real-time assignment management.

PROGRAMMING LANGUAGES

Java | JavaScript | TypeScript | C | C++ | HTML / CSS | Python

TECHNICAL SKILLS

Frameworks/Tools
Playwright | Cucumber | Selenium | Appium | TestRail | LambdaTest | Jira | React | Node.js | Express | Postman

Database Management
MySQL | SQL Workbench | MongoDB

Version Control
Git | GitHub

CERTIFICATES

CERTIFICATE IN SOFTWARE TESTING
FSD Academy 2024

SOFT SKILLS

Project Management | Problem-Solving | Analytical Thinking | Time Management | Leadership

INTERESTS

Software Quality Assurance and Testing | Test Automation and Continuous Integration | Web and Mobile Application Development | UI/UX Design and Usability

LANGUAGES

English ●●●●○ Sinhala ●●●●●
