Akash De Alwis

PASSIONATE SOFTWARE ENGINEER | IT UNDERGRADUATE

akashdealwis@gmail.com 0766138829 70/2, Gimpatha Rd, Panadura, Sri Lanka.

Akash De Alwis akash-de-alwis portfolio

PROFILE

IT undergraduate and consultant with a passion for software engineering and hands-on experience in mobile app development and UI design. Completed an internship at Ravana Industries and hold certification in Software Quality Assurance Testing. Seeking an Associate Software Engineer position to leverage technical expertise and deliver innovative, user-centered solutions

PROFESSIONAL EXPERIENCE

Intern - Full Stack Developer Jan 2025 – Jul 2025
Ravana Industries Panadura, Sri Lanka

- Developed and maintained full-stack web applications using modern technologies including Next.js, React, Tailwind CSS, and Python.
- Collaborated with senior developers in Agile teams to deliver scalable, production-ready software solutions.
- Participated in complete software development lifecycle from design and development to testing and deployment.
- Implemented complex frontend logic including dynamic rendering, conditional workflows, and state management.
- Designed, tested, and debugged RESTful APIs to ensure seamless frontend-backend integration and data consistency.
- Utilized version control (GitHub) and project management tools (Trello) for efficient team collaboration.

EDUCATION

Bachelor of Science with Honors in Information Technology 2022 – Present
Sri Lanka Institute of Information Technology(SLIIT)

- SGPA : 3.31

General Certificate of Education Advanced Level 2019 – 2021
Sri Sumangala College Panadura
Commerce Stream

PROJECTS

Skill Sharing Platform Jan 2025 – Jun 2025
Team project

- Developed a full-stack web application connecting learners with instructors using React, Java Spring Boot, and MongoDB for profile creation, skill listing, and session booking
- Implemented secure JWT authentication and RESTful APIs for user management, bookings, and progress tracking with Spring Security
- Built responsive UI with Tailwind CSS featuring dynamic skill browsing and personalized learning plans for goal monitoring
- Designed MongoDB database schema with automated collections for users, skills, and bookings to optimize data management
- **Technologies Used : React, Java Spring boot, MongoDB**

Academic Scheduler Jan 2025 – Jun 2025
Team Project

- Developed a web application for academic schedule management using React, Node.js, Express, and MongoDB for course planning, assignment tracking, and deadline reminders
- Integrated Google Calendar API for seamless event synchronization and automated notification system for upcoming deadlines

- Built responsive UI with Tailwind CSS featuring an intuitive dashboard for managing courses, assignments, and due dates
- Implemented RESTful APIs for course management and real-time assignment tracking with MongoDB database
- **Technologies Used : React, Node.js, Express, MongoDB**

Vehicle Service and Repair Management System Aug 2024 – Nov 2024

Team Project

- Developed a MERN stack application to streamline automotive repair shop operations, managing service records, appointments, and repair tracking
- Implemented comprehensive service management system with features for booking appointments, tracking repair status, and maintaining detailed service history
- Built RESTful APIs using Node.js and Express for handling customer data, service requests, and repair workflows with MongoDB database
- Designed responsive user interface with React enabling efficient customer interaction and real-time service status updates

Technologies: React, Node.js, Express, MongoDB

TECHNICAL SKILLS

Programming Languages
JavaScript | HTML | CSS | Java | C | C++

Database Management
MySQL | MongoDB | Room Database

IDEs
Eclipse | VS code | IntelliJ IDEA

Architecture and Concepts
layered Architecture | MVC Architecture | Token based authentication (JWT) |

Frameworks / Libraries
React.js | Node.js | Express.js | Tailwind CSS | Postman | Room Database

Version Control Tools
Git | GitHub

Design Tools
Figma | Framer

CERTIFICATES

Diploma in English
ESoft Metro Campus 2019

Diploma in Information Technology
ESoft Metro Campus 2019

Certificate in Software Testing
FSD Academy 2024

SOFT SKILLS

Strategic Time Management | Communication | Collaborative Teamwork | Adaptive Learning

INTERESTS

Full stack development | Mobile application development | UI designing and development | Web development

LANGUAGES

Sinhala ●●●●● English ●●●○○
